MYCATS

(c) 1991 Robert Dannbauer

There are two programs:

CAT!   runs on the desktop
TopCAT!   runs on the top window

The programms are shareware. You can distribute them if you
don't take money.

If you like the programms or if you have ideas to make them
better, send e-mail to:

    robert@ruble.fml.tuwien.ac.at
