Part 2

Concepts

This part of the manual provides detailed explanations of the various parts of Concurrence. It is a catalog of the concepts employed by the application, as opposed to the specific commands documented in Part 3.

These chapters are intended to be used as a reference, and so were written to stand on their own.

However, you can read straight through this part if you want. You should find that the chapters build on one another in a logical way, to provide you with a thorough understanding of Concurrence.

Part 2

Concepts

Chapter 5
Getting Started

Starting Up Concurrence	71
Customizing Concurrence	72
Closing & Saving	75

Chapter 6
Basics of Outlines

Creating An Outline	77
What is a Topic?	79
Master Topics	79
Selecting Topics	80
Editing Text in Topics	81
Promoting/Demoting Topics	81
Moving Topics	82
Adding/Deleting Topics	83
Collapsing & Expanding	83
Focusing	84
Starting a New Page	84
Adding Page Numbers	85

Chapter 7
Formatting Topics

Individual & Master Topics	87
The Button Ribbon	88
Selecting Text and Topics	89
Cutting, Copying, Pasting	89

Editing Text On Slides	111
Adding Page Numbers	112
Creating Speaker Notes	112
Enhancing Slides	113

Chapter 10
Master Slides

What is a Master Slide?	115
Finding/Editing Master Slides	116
Creating New Master Slides	117
Naming Master Slides	118
Tracking Master Slides	119
Reusing Masters	120

Chapter 11
Bundles and Builds

What is a Bundle?	123
Continuing Text From One Slide to Another	124
Builds	126
Manually Creating a Bundle	130

Chapter 12
Graphics on Slides

Customizing a Slide's Background	133
Adding "Free Text"	136
Drawing Lines	136
Drawing Symbols	138
Working From a Palette	141
Selecting/Moving Graphics	143
Deleting Graphics	145
Arranging/Aligning Graphics	145
Zooming In and Out	150
Attaching Images	150

Chapter 13
Attachments

Attaching Images	151
Rotating/Resizing Images	152
Attaching Documents	152
Moving Attachments	153
Opening Attachments	153
Linked Attachments	153
Types of Attachments	154

Chapter 14
Playing a Slide Show

Playing A Slide Show	159
Skipping a Slide	162
Setting Transitions	163
Attaching Sounds	164
Concurrence API	165
Highlighting Points During a Slide Show	165

Chapter 15
Printing and Page Layout

Document vs. Paper Size	167
Outline Layout & Printing	168
Slide Layout & Printing	170
Speaker Notes & Handouts Layout and Printing	173
Outputting Slides at the Service Bureau	177
