BECOMEaMEMBER

HOW TO BECOME A MEMBER OF GEnie.

Attached.txt

Attached Files allows you to send and receive binary files via electronic mail.

Austria.txt

Information for GENie members living in Austria

Canada.txt

Information for GENie members living in Canada

CommandMail.txt

This file includes instructions for using GE Mail's Command Mode. To access this service just select option 9 from the MAIL or *MAIL GENie menus.

DataPac.txt

Information on the Canadian DataPac network.

GEaccess.txt

This file contains the GENie access numbers for the United States (including the SprintNet Access numbers), and the Canadian access numbers. It also includes the instructions for accessing GENie through SprintNet in the United States, and DATAPAC in Canada. These two alternative access networks were just made available by GENie on

September 1st. Please remember that both SprintNet and DATAPAC access will be surcharged! This file will be updated periodically, but for completely up-to-date information just enter *PHONE at any GENie main menu prompt.

GEmail.txt

Information about GENie's electronic mail system

GEmanual.txt

This is the updated 1991 edition of the GENie User's Manual. It includes the GENie*Basic Services and current commands. This is an ASCII TEXT file, so just download it and print, or pull into a file reader to scan it.

Germany.txt

Information for GENie members living in Germany.

GENieInternet.txt

The Internet Mail Service on GENie

GEServicesS.txt

List of services available on GENie (Short version)

GEServicesL.txt

List of services available of GENie (Long version)

Japan.txt

Information for GENie members living in Japan

LiveWire.txt

July/August 1993 Issue of the electronic magazine

MailFax.txt

This file gives the rates and complete instructions for using GENie's GE Mail to FAX service. To access this service just enter FAX at any GENie main menu prompt. This is a GENie\$Professional service and additional rates will apply. This file has full detail though.

MenuNavigation.txt

This file should help you better understand menu navigation on the GENie services. Navigation by options, menu page numbers and keywords.

PDN.txt

Information on the PDN network

PrimeTime.txt

What is prime-time what's not? Answers here.

Reminder.txt

NEVER FORGET ANOTHER IMPORTANT DATE!

The GENie Reminder Services allows you to enter a GE Mail letter that will be sent to you (or another GENie User) on a specific date. You can use this service to remind yourself of important GENie events, your anniversary, or other dates you don't want to miss. To access this service just enter REMIND at any GENie main menu prompt. This is a GENie Value Service and you will be billed

standard GENie connect rates to enter the reminder.

SprintNet.txt

Information on the network

Switzerland.txt

Information for GENie members living in Switzerland
