

ReadMe File for Win Change

Copyright © 1993-1996 JRE Enterprises, All Rights Reserved

This package contains Win Change, by JRE Enterprises. This document contains only a brief description of the package and its features, along with instructions for its installation. After unzipping Win Change, view INSTALL.WRI for additional installation instructions.

Win Change provides the ability to globally find and change text in GRP, INI, PIF and other file types. Multiple find and change criteria can be specified, works across multiple drives, including network drives, and provides the ability to "back out" changes. Requires VBRUN300.DLL and Windows 3.1.

Win Change is a shareware program. This evaluation version includes all features of the program, and is not crippled in any way. You may use it for up to 30 days, without charge. If you like the program, and wish to continue its use after this evaluation period, you are required to pay for the program (see REGISTER.WRI for more details). Any fee you may have paid to others (disk vendors, dealers, etc.) to obtain this evaluation version was a fee for their copying and distribution services, rather than a payment for continued use of the program.

View REGISTER.WRI for current registration costs. Registration also can be done on CompuServe (GO SWREG, title "Win Change", registration id 1207). Stop the annoying "Unregistered Shareware" messages by registering today!

Also available from JRE Enterprises are programs JRE Exit, JRE Home Inventory, My Life, Win Multiple Configurations, Writer's Cramp, and Writer's Cramp LE. **JRE Exit** is a freeware utility that provides four different ways to exit Windows. **JRE Home Inventory** is the Windows Home Inventory program that keeps track of all your household items for insurance purposes. **My Life** is the definitive diary, word processor, scrapbook, and multi-media scrapbook available for Windows. **Win Multiple Configurations** is the only utility that allows up to 100 different Windows configurations to be saved and restored! **Writer's Cramp** is a simple, small, inexpensive word processor that uses a database for storing letters. **Writer's Cramp LE** is a simple, small, inexpensive word processor. These programs can be found on CompuServe (WINSHARE forum) and America Online (Windows software) with a keyword of JRE.

JRE Enterprises can be contacted on CompuServe via mail to ID 71162,2311 or contacted on America Online via mail to ID Leel641756 or contacted on INTERNET via mail to 71162.2311@compuserve.com.
