About ABC. ABC Fun Keys is a set of delightful educational games for toddlers through Kindergarten. Children will be enchanted while they learn the ABC's, numbers, and computer keyboard. The games sparkle with colorful full screen graphics for each letter and number. Favorite nursery rhyme melodies keep kids coming back for more. Sing-Along lyrics scroll on the screen if you want to sing along with your child's success. The new release features imaginative illustrations by a renowned children's artist.

What users say. We have received hundreds of glowing letters from excited users of ABC Fun Keys. This recent letter from Fort Worth Texas is typical. *"I love this ABC Fun Keys, my son stays entertained for hours and has learned so much, so fast! I didn't know a 2 year old could do it. Thank you!"* Also, ABC has been mentioned in Shareware Magazine for excellent service and quality of software.

System Requirements. ABC Fun Keys will run on virtually all PC compatible computer systems. Supported video systems include VGA, EGA, CGA, and Hercules Monochrome. A hard disk is recommended, but not necessary. A full-featured setup program helps novice users install and configure ABC and print or list the documentation.

Registration. ABC Fun Keys is fully supported shareware with a suggested registration of \$15. Users who register receive a diskette with the latest version containing the complete set of picture files A to Z and 0 to 9. Free updates and additional files are available on the ABC Bulletin Board System (BBS) at (619) 436-3525.
