

Trap ShootingPRO

by Diversions Software

Copyright© 1995 Diversions Software

Get ready for the trap shooting experience of your PC life...

IMPORTANT STUFF FIRST..

Due to the nature of the animation in the game, a powerful PC is recommended for full enjoyment of the game.

A Small Font video driver must be used in order for the game to start. Consult your video card documentation for information on Small Font drivers.

Important:

**All game information is included in the help file associated with this game.
TRAP.HLP**

ORDERING INFORMATION

Sales of fun, destructive, yet, enjoyable software like Trap Shooting PRO are my source of income, if you enjoy playing it, do pay for it. That way, I can continue to drink caffeine loaded soda, and crank out more titles for the coming years (don't worry, there's some neat stuff headed your way...).

Trap Shooting PRO can registered ONLINE with CompuServe. Just GO SWREG and search for keywords 'Diversions', and 'Trap Shooting PRO'. The registration fee will be added to your monthly CompuServe bill. It's that easy.

OR

Print the ORDERFRM.WRI file distributed with the game, write a check (US funds), and pop it in the mail.

TRAP SHOOTING PRO recommendations and requirements.

TRAP SHOOTING PRO minimum requirement:

486 DX33 Processor
MS Windows 3.1.
4MB RAM
256 color 640x480 VGA

I recommend the following for best performance:

Pentium processor (right.. what else is new..)
MS Windows 3.11, Windows for Workgroups 3.11 or Windows 95
Enhanced Mode

8+ MB RAM

256 color 640x480 Accelerated Graphics Card

MS Windows compatible sound card (turned way up!)
