## CharCount

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim IResult as Long

*'IResult = 4 on this run*

IResult = oUO.CharCount("abcabcabcabc", "a", False)

Set oUO = Nothing

End Sub

## Encrypt

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim sResult as String

*'string is encrypted*

sResult = oUO.Encrypt("String to encrypt", "Key for encrypting")

*'pass encrypted string back to function with same key for decrypting*

sResult = oUO.Encrypt(sResult, "Key for encrypting")

Set oUO = Nothing

End Sub

## InitialCaps

Sub Whatever()

*'instantiate UnOmissions object*

Dim oUO as New UnOmissions

Dim sResult as String

*'all words are capitalized*

sResult = oUO.InitialCaps("the quick brown fox jumped...")

Set oUO = Nothing

End Sub

## Invert

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim sResult as String

*'the string is reversed to "smetsyS sucoF"*

sResult = oUO.Invert("Focus Systems")

Set oUO = Nothing

End Sub

**Pause**

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

*'program execution stops for 3.257 seconds*

oUO.Pause 3257

Set oUO = Nothing

End Sub

## Replace

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim sResult as String

*'sResult receives the string "aXcaXcaXc"*

sResult = oUO.Replace("abcabcabc", "b", "X", False)

Set oUO = Nothing

End Sub

**Round**

Sub Whatever()

***'instanciate UnOmissions object***

Dim oUO as New UnOmissions

Dim dResult as Double

***'dResult receives 100.1235***

dResult = oUO.Round(100.12345, 4)

Set oUO = Nothing

End Sub

## StrField

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim sResult as String

*'sResult receives "field3"*

sResult = oUO.StrField("field1,field2,field3,field4", 3, ",")

Set oUO = Nothing

End Sub

## Timer

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim IResult as Long

*'turn on "stop watch"*

IResult = oUO.Timer(True)

*'do some stuff here*

*'IResult receives number of milliseconds*

*'expired since "stop watch" was turned on*

IResult = oUO.Timer(False)

Set oUO = Nothing

End Sub

## WordCount

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

Dim IResult as Long

*'IResult receives number of words in string (5)*

IResult = oUO.WordCount("the quick brown fox jumped...")

Set oUO = Nothing

End Sub

## MakeTransparent

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

*'frmWhatever is the name of a form that contains the PictureBox  
'named picWhatever. Whatever color you set in the BackColor  
'property of picWhatever is the color that will be made transparent  
'in the image contained in the Picture property of picWhatever.*

oUO.MakeTransparent frmWhatever, frmWhatever.picWhatever

Set oUO = Nothing

End Sub

## ListHorzScroll

Sub Whatever()

*'instanciate UnOmissions object*

Dim oUO as New UnOmissions

*'frmWhatever is the name of a form that contains the ListBox  
'named lstWhatever. You should fill lstWhatever with all of  
'the items BEFORE calling ListHorzScroll. If there are items  
'in the list that are wider than the listbox, a horizontal scroll  
'bar will appear allowing full view of the long items.*

oUO.ListHorzScroll frmWhatever, frmWhatever.lstWhatever

Set oUO = Nothing

End Sub

## MenuCheck

Sub Whatever()

***'instanciate UnOmissions object***

Dim oUO as New UnOmissions

Dim IMenuPos as Long

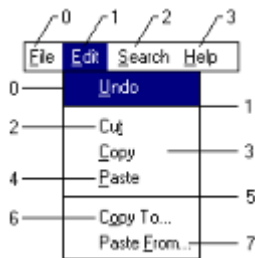

Dim IMenuItemPos as Long

IMenuPos = 1

IMenuItemPos = 3

***'frmWhatever is the name of the form that contains the menu  
'bar. IMenuPos is the zero-based position of the drop-down  
'menu (as shown below) from left to right. IMenuItemPos is  
'the zero-based position of the menu item within the drop-down  
'menu from top to bottom (as shown below). This sample code  
'would affect the "Copy" menu item in the figure below.***

***'picChecked is the name of the picture control that contains the  
'image that will be placed to the left of the menu item when  
'that menu item is in a "checked" state. picUnchecked is the  
'name of the picture control that contains the image for the "unchecked"  
'state.***

oUO.MenuCheck frmWhatever, IMenuPos, IMenuItemPos, \_  
picChecked, picUnchecked

Set oUO = Nothing

End Sub

## AboutBox

Sub Whatever()

***'instanciate UnOmissions object***

Dim oUO as New UnOmissions

Dim sTitlebarText as String

Dim sOtherText as String

sTitlebarText = "This is the titlebar"

sOtherText = "This is the other text"

***'frmWhatever is the name of a form that will own the About  
'dialog box. sTitlebarText is the text that will appear in the  
'titlebar of the About box. sOtherText is the text that will  
'appear in the client area of the dialog box.***

oUO.AboutBox frmWhatever, sTitlebarText, sOtherText

Set oUO = Nothing

End Sub

## MenuBitmap

Sub Whatever()

***'instanciate UnOmissions object***

Dim oUO as New UnOmissions

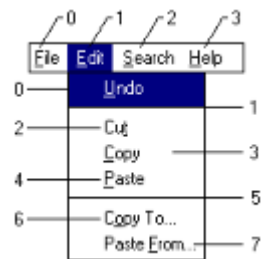

Dim IMenuPos as Long

Dim IMenuItemPos as Long

IMenuPos = 1

IMenuItemPos = 3

***'frmWhatever is the name of the form that contains the menu  
'bar. IMenuPos is the zero-based position of the drop-down  
'menu (as shown below) from left to right. IMenuItemPos is  
'the zero-based position of the menu item within the drop-down  
'menu from top to bottom (as shown below). This sample code  
'would affect the "Copy" menu item in the figure below.  
'picMenu is the name of the picture control that contains the  
'image that will replace the menu item.***

oUO.MenuBitmap frmWhatever, IMenuPos, IMenuItemPos, picMenu

Set oUO = Nothing

End Sub

## Registration

UnOmissions can be registered on CompuServe in the Shareware Registration (**GO SWREG**) area. UnOmissions' registration ID is **8071**.

If you prefer to mail payment, ***please use these instructions:***

1. Enclose your email address.
2. Enclose \$15.00 in U.S. currency.
3. Send to:

**Focus Systems**  
**Attn: Cris Williams**  
**3090 Moriah Trails, #105**  
**Memphis, TN 38115**

Questions or comments about UnOmissions may be sent to:

**74451,1245** on CompuServe or  
**74451.1245@compuserve.com** on the Internet
