release at 17, Nov 1995.**

Introduction

This is my second free Internet program using Delphi. The IRC protocol is according to RFC 1459.

WIRC is FreeWare. You may use it freely at your own risk in any kind of environment. This program is not to be sold at any charge, and must be distributed along with this README file.

This program is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. Please feel free to distribute this program.

Please note that not all IRC commands are implemented.

For any one who like this program, want some enhancements of this program, or report some bugs, please feel free to Email to me. (scfung@hkstar.com)

The latest version will be available at my home page. (<http://www.hkstar.com/~scfung>)

For questions about IRC, please refer IRC FAQ by Helen Trillian Rose hrose@kei.com, which will be posted regularly in alt.irc, alt.irc.ircii, alt.irc.questions, alt.answers, news.answers
