Price: Free for personal and non-profit use

You are entitled to use this theme provided you do so without altering the wallpaper or any other components. This theme is intended for your own personal/non-profit use. Do not include this theme in packages or on CD ROM with other shareware/freeware without my permission. Please do not remove this readme.txt file, and do not remove my name from the wallpaper. Any violation of the above constitutes copyright violation which is a federal offense.

Theme Components:

This theme consists of wallpaper for 800x600 screen resolution, a set of cursors, original icons, screen saver (creators README file is enclosed), wave files for all Window events, original SYS files (start-up & shut-down screens). Theme is best viewed in 16-bit or 24-bit color (high color settings).

I hope you enjoy this theme. For installation instructions, see below.

INSTALLATION:

This file is in an EXE (self-installing) format. For more help on installing themes and/or Logo SYS files (Start-up and Shutdown screens) visit the following web site with step by step instructions and pictures:
