Sample Data for Using the Graf3D Addin for AS-EASY-AS

Five data ranges are provided in this sample worksheet.

DAT1 A23..D27
DAT2 A32..E37
DAT3 A43..E48
DAT4 A54..E59
DAT5 A65..H73

To use one of the data ranges, after you have installed Graf3D and have invoked it using /UG, press R (for Range) and at the prompt, type one of the range names (DAT1, DAT2,...) and press [ENTER].

Then, press V to view the 3D graph based on the selected data!
