1. Where did you hear about On-Side? $\qquad$
2. System being used to run On-Side:
a) Computer brand/model? $\qquad$
b) Amount of computer memory? $\qquad$
c) Type of disk? $\qquad$
d) Black \& white or color monitor? $\qquad$
e) Printer brand/model? $\qquad$
3. For what types of applications do you use On-Side?
$\qquad$
4. $\qquad$ Registered user $\qquad$ Non-registered user
(If you are a non-registered user, we are interested in knowing why. Is the price too high? Is On-Side missing features you need?)
5. Which spreadsheet do you use? $\qquad$
6. Which database do you use? $\qquad$
7. Which word processor do you use? $\qquad$
8. Name and address (optional): $\qquad$
$\qquad$
$\qquad$
9. Here are some of the enhancements to On-Side that are planned. Help us prioritize these enhancements. Put a "1" on each feature you would find useful. Put a "2" on any you feel are important, and a "3" on those you feel are absolutely essential.
___ More fonts.
$\qquad$ Print fonts horizontally as well as vertically.
Allow multiple fonts on the same page.
__ Support for another brand of graphics printer $\qquad$
