ADVENT    TXT    "Room" sheet for adventure game
           DOC
ADVENT    WPM    Adventure game macro                               MACRO
ATTRIB    WPM    Displays attributes of current character           MACRO
AUTOPAR   WPM    Automatically numbers paragraphs
           MACRO
BEGIN     WPM    Part of CONTRACT.WPM                               MACRO
BKPRINT1  WPM    Backwards printer, version 1                       MACRO
BKPRINT2  WPM    Backwards printer, version 2                       MACRO
BLACKJAK  DOC    Blackjack card game documentation                 DOC
BLACKJAK  WPM    Blackjack card game macro                          MACRO
BOX       WPM    Draws a box to your dimensions                     MACRO
BOXER     WPM    Draws a box interactively                          MACRO
CHANGE    WPM    Changes character attributes                       MACRO
CLEAR     WPM    Clears {STATUS PROMPT} and {INPUT} message          MACRO
CLS       WPM    Clears current document                            MACRO
CONTRACT  TMP    Menu text for CONTRACT.WPM                         DOC
CONTRACT  WPM    Contract generator                                 MACRO
DATER1    WPM    Inserts date/time as text                          MACRO
DATER2    WPM    Inserts date/time as text, in format, resets format MACRO
DATER3    WPM    Menu list of date/time choices, resets format      MACRO
DEFGRAPH  WPM    Defines new graphic                                 MACRO
DEFHLINE  WPM    Defines new horizontal line                        MACRO
DEFVLINE  WPM    Defines new vertical line                          MACRO
DROP      WPM    Part of ADVENT.WPM                                 MACRO
DVORAK    WPK    Dvorak keyboard emulation (keyboard layout)        MACRO
EVERYDAY  WPK    Collection of handy macros (keyboard layout)       MACRO
EXAMINE   WPM    Part of ADVENT.WPM                                 MACRO
FONEPAD   WPM    "While-you-were-out" phone pad                     MACRO
FULLPG1   WPM    Example menu system using document for menu list   MACRO
FULLPG2   WPM    Same as FULLPG1, with different choices            MACRO
FULLPG3   WPM    Enhanced version of FULLPG2.                        MACRO
GET       WPM    Part of ADVENT.WPM                                 MACRO
HELV      WPM    Helvetica font chooser                             MACRO
HV-POPUP  WPM    Helvetica font chooser; pop-up window              MACRO
INDEXWRD  WPM    Indexes word from input                            MACRO
INVENT    WPM    Part of ADVENT.WPM                                 MACRO
LCASE     WPM    Converts input string to lower case                MACRO
LEVEL1    WPM    Sample multiple level menu system (use w/ LEVELS.WPM) MACRO
LEVEL2    WPM    Second selection for LEVELS.WPM                    MACRO
LEVEL3    WPM    Third selection for LEVELS.WPM                     MACRO
LEVELS    WPM    Multiple level menu system main macro (chains to
                 LEVEL1.WPM, LEVEL2.WPM, LEVEL3.WPM; add more level
                 macros as desired; edit as needed)                 MACRO
LINEHOR   WPM    Draws a horizontal line                            MACRO
LINEVER   WPM    Draws a vertical line                              MACRO
LOOK      WPM    Part of ADVENT.WPM                                 MACRO
MAKEBOX   DOC    Documentation for MAKEBOX.WPM                      DOC
MAKEBOX   WPM    Pop-up menu box system; edit as needed             MACRO
MARGINS   DOC    Documentation for MARGSET.WPM                      DOC
MARGSET   WPM    Sets margins using graphical interface             MACRO
MEMO      WPM    Creates memo                                       MACRO
```

```
MENU1    TXT    Template for FULLPG1.WPM                              DOC
MENU2    TXT    Template for FULLPG2.WPM & FULLPG3.WPM                DOC
MENUTEST MRG    Sample menu document for merge                       DOC
MOVEBAR1 WPM    Sample moving-bar menu                                MACRO
MOVEBAR2 WPM    Sample moving-bar menu, with second line             MACRO
NOTEPAD  WPM    Note pad writer; use it anytime                      MACRO
PARASYM  WPM    Shows/hides paragraph symbol                         MACRO
PARSER   WPM    Sample macro for parsing phrase into components      MACRO
PHONE    WPM    "While-you-were-out" phone pad                       MACRO
PSFONT   WPM    Chooses PostScript font                              MACRO
PUBRITE  WPM    Part of CONTRACT.WPM                                 MACRO
QUIKCALC WPM    Displays "quick and dirty" calculator, full function MACRO
QUIZ     TXT    Template for QUIZ.WPM                                 DOC
QUIZ     WPM    Quiz engine macro                                     MACRO
ROOM0    WPM    Part of ADVENT.WPM                                    MACRO
ROOM1    WPM    Part of ADVENT.WPM                                    MACRO
ROOM2    WPM    Part of ADVENT.WPM                                    MACRO
ROOM3    WPM    Part of ADVENT.WPM                                    MACRO
ROOM4    WPM    Part of ADVENT.WPM                                    MACRO
ROOM5    WPM    Part of ADVENT.WPM                                    MACRO
RULER    WPM    Shows/hides ruler                                     MACRO
SPACE    WPM    Sets line spacing                                     MACRO
SPLIT    WPM    Sets/hides split window                               MACRO
SUPAFOOT WPM    Suppresses A footer                                   MACRO
SUPAHEAD WPM    Suppresses A header                                   MACRO
SUPBFOOT WPM    Suppresses B footer                                   MACRO
SUPBHEAD WPM    Suppresses B header                                   MACRO
SYSVAR   DOC    Documentation for SYSVAR.WPM                          DOC
SYSVAR   WPM    Displays numerous {SYSTEM} variables                 MACRO
TIMETRAK WPM    Tracks elapsed time                                  MACRO
UCASE    WPM    Converts string to upper case                        MACRO
UNIVXIT  WPM    Returns you to editing screen (put in your own
                macros)                                               MACRO
VIEW     WPM    Views document using Print View                      MACRO
WARRANTY WPM    Part of CONTRACT.WPM                                 MACRO
WDCOUNT  WPM    Counts words (using Spell)                           MACRO
WORDSTAR WPK    Emulations WordStar cursor movement (keyboard layout) MACRO
```
