Thanks having downloaded these icons ! please visit InterfaceLift our WebSite and drop us a word at

romain@interfacelift.com

These icons are my first attempt at releasing an icon set with vectorial tool... I really hope you' ll like them !

I also released an iPack for iControl by the IconFactory... if you haven' t this excellent shareware then you really should download it (19 \$). iControl will paste your system icons using Packs of icons such as The Zero Icons Pack I released... get it at www.interfacelift.com

Thanks goes to:

John Marshall from Perfect Yosemite and his "How To" Page wich helped me to create the Zero icons.

Sandy Marnat Damez for her permanent support and precious friendship.

You for downloading this set.

This set was created using:
