

Hi! Thanks for downloading my Zodiac icon set. These are the 12 different animals in the Chinese Zodiac. Click on each of the icons for a special surprise :o)

If you still don't get it, scroll down for an explanation of each icon and the years in the last century associated with that animal.

This is freeware and may be included on any CD, archive or collection as long as this read me is included and as long as you send me an email first.
