

License Agreement for Macaroni

What follows is a fairly typical software license. The short, simplified version is:

- You're licensed to use the software, but we keep all rights to it.
- You can use it for a 35 day trial without payment, after which it stops working if you don't pay.
- Licenses that you buy may only be used on one computer, unless you bought more than one copy, in which case the license may be used on the same number of computers as the number of copies you bought.
- We've tried to make this software as safe and bug-free as possible (we use it on all of our own computers), but we can't guarantee that it's perfect. As with any software, there might be undiscovered bugs.

For details, read on:

1. This license is an agreement between Atomic Bird LLC (the "Publisher") and you. This license allows you to install and use the Macaroni software (the "Software").
2. You may use the software without payment in a trial basis for a period of 35 days after installing. If you wish to continue using the Software beyond this period, you must register by purchasing a serial number. Purchased serial numbers may not be shared with other parties. If the Software is to be used on more than one computer, then a multiple-install license must be purchased. Each serial number is valid for a fixed number of computers which is specified at purchase time. Serial numbers may be transferred from one computer to another provided that this does not result in a serial number being used for more computers than it has been licensed for. If you do not purchase a serial number, the software will cease operation after the trial period.
3. Restrictions. Title, ownership rights, and intellectual property rights in and to the Software shall remain in Atomic Bird and/or its suppliers. You agree to abide by the copyright law and all other applicable laws of the United States and other applicable jurisdictions. You acknowledge that the Software in source code form remains a confidential trade secret of Atomic Bird and/or its suppliers. You may not: permit unlicensed persons to use your copy of the Software; modify, translate, reverse engineer, decompile, disassemble (except to the extent applicable laws specifically prohibit such restriction), or create derivative works based on the Software; copy the Software; rent or lease, rights to the Software; or remove any proprietary notices or labels on the Software.
4. Termination. This License is effective until terminated. You may terminate this License at any time by destroying the Software and related documentation and all copies thereof. This License will terminate immediately without notice from the Publisher if you fail to comply with any provision of this License. Upon termination you must destroy the Software, and related documentation and all copies thereof.

5. Disclaimer of Warranty. You expressly acknowledge and agree that use of the Software and related documentation is at your sole risk. The Software and related documentation are provided AS IS and without warranty of any kind and the Publisher expressly disclaims all warranties, express or implied, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. the Publisher does not warrant that the functions contained in the software will meet your requirements, or that the operation of the software will be uninterrupted or error-free, or that defects in the software will be corrected.

6. Limitation of Liability. Under no circumstances including negligence, shall the Publisher, or anyone else who has been involved with the creation, production or delivery of this product, be liable for any incidental, special or consequential damages that result from the use or inability to use the Software or related documentation and data, even if the Publisher or an authorized representative of the Publisher has been advised of the possibility of such damages. In no event shall the Publisher's total liability to you for all damages, losses, and causes of action (whether in contract, tort (including negligence) or otherwise) exceed the amount paid by you for the Software and data.

7. If any provision of this License Agreement is unenforceable, invalid, or violates applicable law, such provision shall be deemed stricken and shall not affect the enforceability of any other provision of this License Agreement.

8. Complete Agreement. This License constitutes the entire agreement between the parties with respect to the use of the Software, related documentation and data, and supersedes all prior or contemporaneous understandings or agreements, written or oral, regarding such subject matter. No amendment to or modification of this License will be binding unless in writing and signed by the Publisher or a duly authorized representative of the Publisher.
