

README.TXT FILE FOR  
PICTURE FACTORY SET #1 75 IMAGE SAMPLER

-----

This is a small sample of what you can have at the click of a mouse, with Picture Factory! Picture Factory sets come on hybrid CD-ROMs which run great with Windows and Macintosh! With each, you'll get thousands of photographs, all model released retouched and ready to use for your next project!

To run Picture Factory from this sampler, select File/Run in the Program Manager of Windows, and then browse to your CD-ROM disc for the PHOTODEX directory (off of the root). Then click on PHOTODEX.EXE and go! This sampler does not need to be installed on the hard disk.

Every image on this sampler is licensed to be used NOW! So try it! To use an image, just cut and paste into your favorite word processor, design program, desktop publishing program, or paint program. You don't have to be a computer genius to use Picture Factory!
