Chapter 1

Removal

1.1 Removal of Internet Files

```
        REMOVAL OF THE INTERNET SOFTWARE
```

```
The whole Internet Kit can be removed by selecting the RemoveNet icon in this  ←
   drawer.
```

```
   WARNING

      There is only one second chance to abort - then software WILL be removed !

      You will also be prompted to click on the re-boot button to reset the system ←
         .

   YOU HAVE BEEN WARNED
```
