

Snail (page 1)

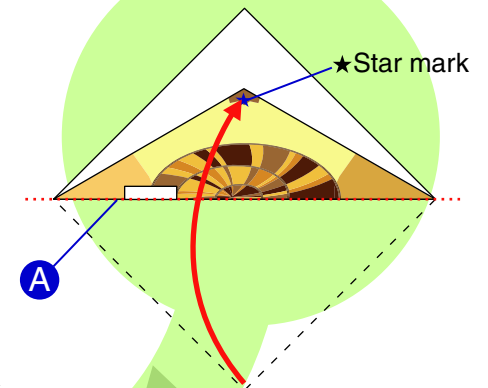

Snail [A4 size 6 pages]

A wide range of different origami has been enjoyed in Japan since ancient times.

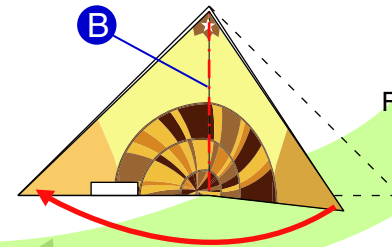

With 'Snail', you can make an origami snail with a big, spiral shell on its back.

● The letters in blue circles indicate the fold lines. They are also shown on the practice sheet.

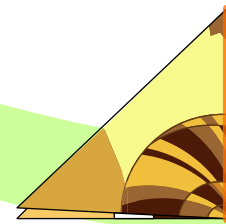

Start

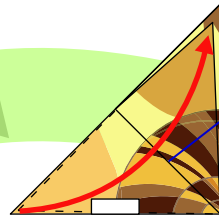

Fold in half along line A.

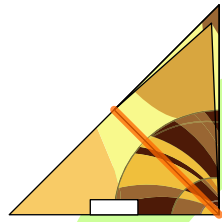

Fold in half again along line B.

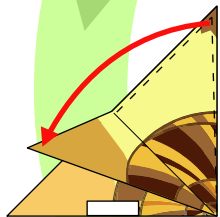

Flatten out the folds.

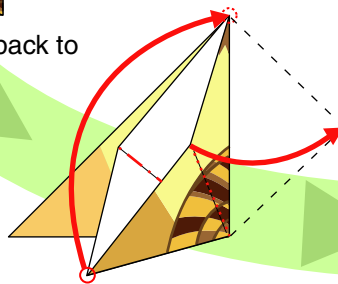

Fold the lower right triangle in half, folding upward along line C.

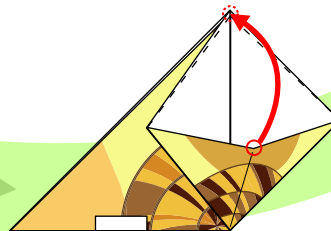

Flatten out the folds.

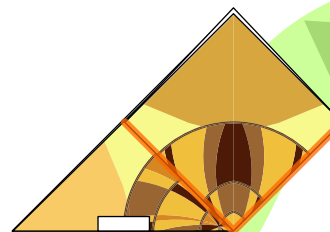

Unfold the triangle back to its original position.

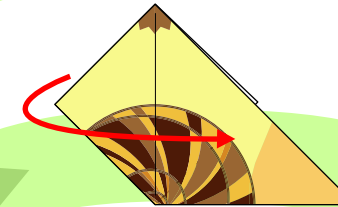

Open up the triangle.

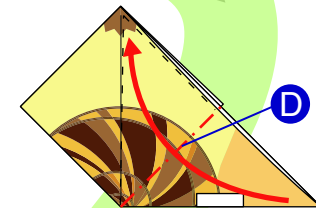

Flatten the triangle to obtain a square.

Flatten out the folds.

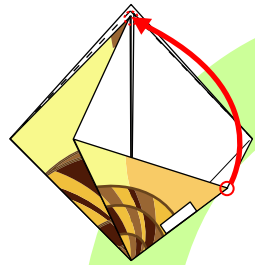

Turn over.

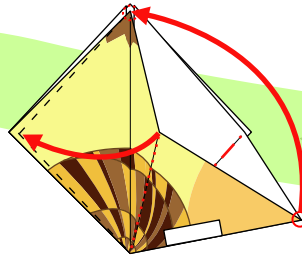

Fold the lower right triangle in half, folding upward along line D.

Continue on to page 2.

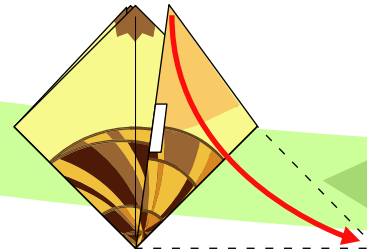

Continued
from
page 1.

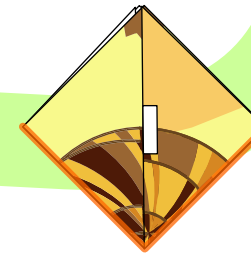

Flatten the triangle to
obtain a square.

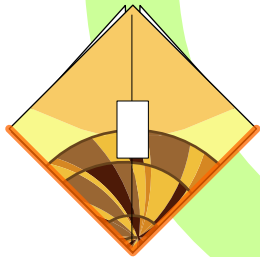

Open up the triangle.

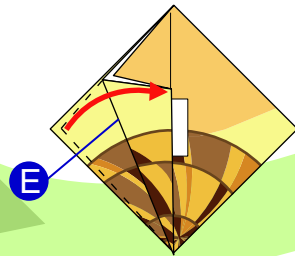

Unfold the triangle back to
its original position.

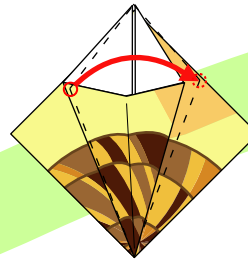

Flatten out the folds.

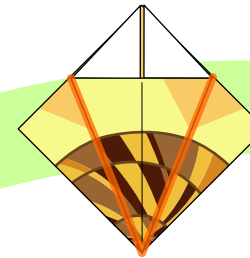

Flatten out the folds.

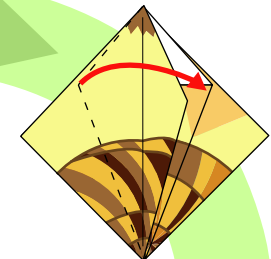

Fold along line **E** to align the
outer edge of the paper
onto the center line.

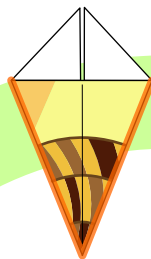

Pull the triangle folded along line **E**,
open up the fold, and spread it
out to the right.

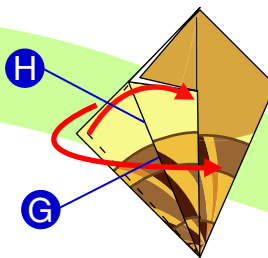

Flatten out the folds.

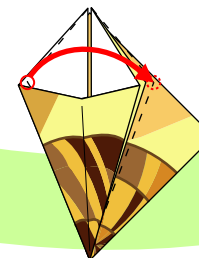

Fold the left side of the
topmost layer over to the right.

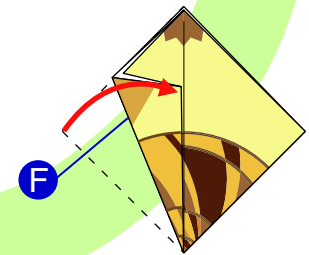

Flatten out the folds.

Turn the paper over and
do the same at line **G**.
Then, do the same at line **H**,
on the remaining layer.

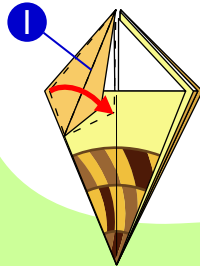

Pull the triangle folded
along line **F**, open up the fold,
and spread it out to the right.

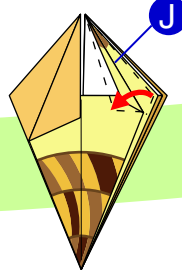

Fold along line **F** to align the
outer edge of the paper
onto the center line.

Continue
on to
page 3.

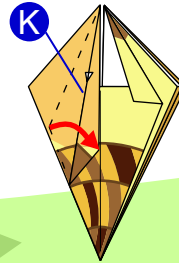

Continued from page 2.

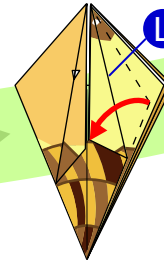

Fold along line **I** to align the outer edge of the paper onto the center line.

Match up line **J** against line **L** and fold one third.

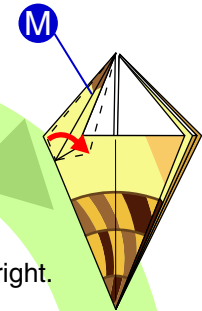

Fold along line **K** to align the outer edge of the paper onto the center line.

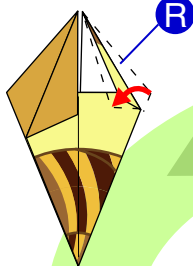

Fold along line **L** to align the outer edge of the paper onto the center line.

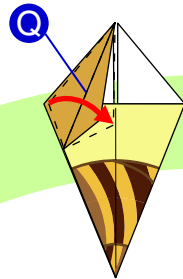

Fold the left side of the second layer over to the right.

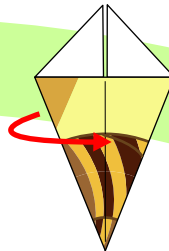

Match up line **M** against line **O** and fold one third.

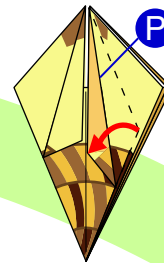

Match up line **R** against line **T**.

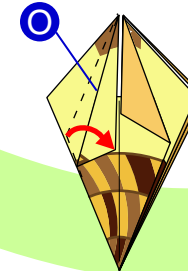

Fold along line **Q** to align the outer edge of the paper onto the center line.

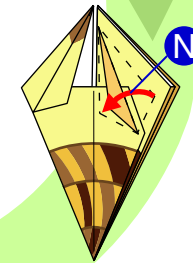

Turn over.

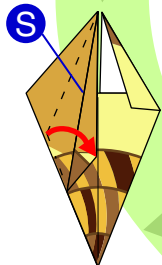

Fold along line **P** to align the outer edge of the paper onto the center line.

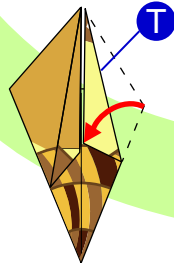

Fold along line **O** to align the outer edge of the paper onto the center line.

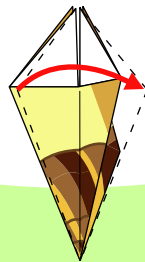

Fold along line **N** to align the outer edge of the paper onto the center line.

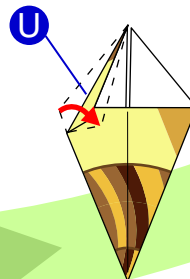

Fold along line **S** to align the outer edge of the paper onto the center line.

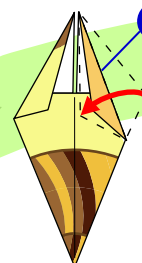

Fold along line **T** to align the outer edge of the paper onto the center line.

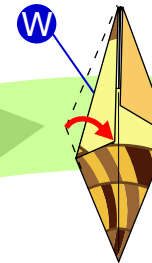

Fold the left side of the second layer over to the right.

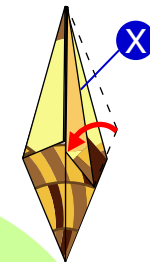

Match up line **U** against line **W**.

Fold along line **V** to align the outer edge of the paper onto the center line.

Fold along line **W** to align the outer edge of the paper onto the center line.

Fold along line **X** to align the outer edge of the paper onto the center line.

Continue on to page 4.

Continued
from
page 3.

Eye section.

Make the eye section.

Fold downwards.

How to fold the eye section.

Twist the folded part.

Fold down the upper
triangle along line Y.

Fold back the right
hand sheet.

Turn over.

Fold back the right
hand sheet.

Turn over.

Crease along line a
and open out again slightly.

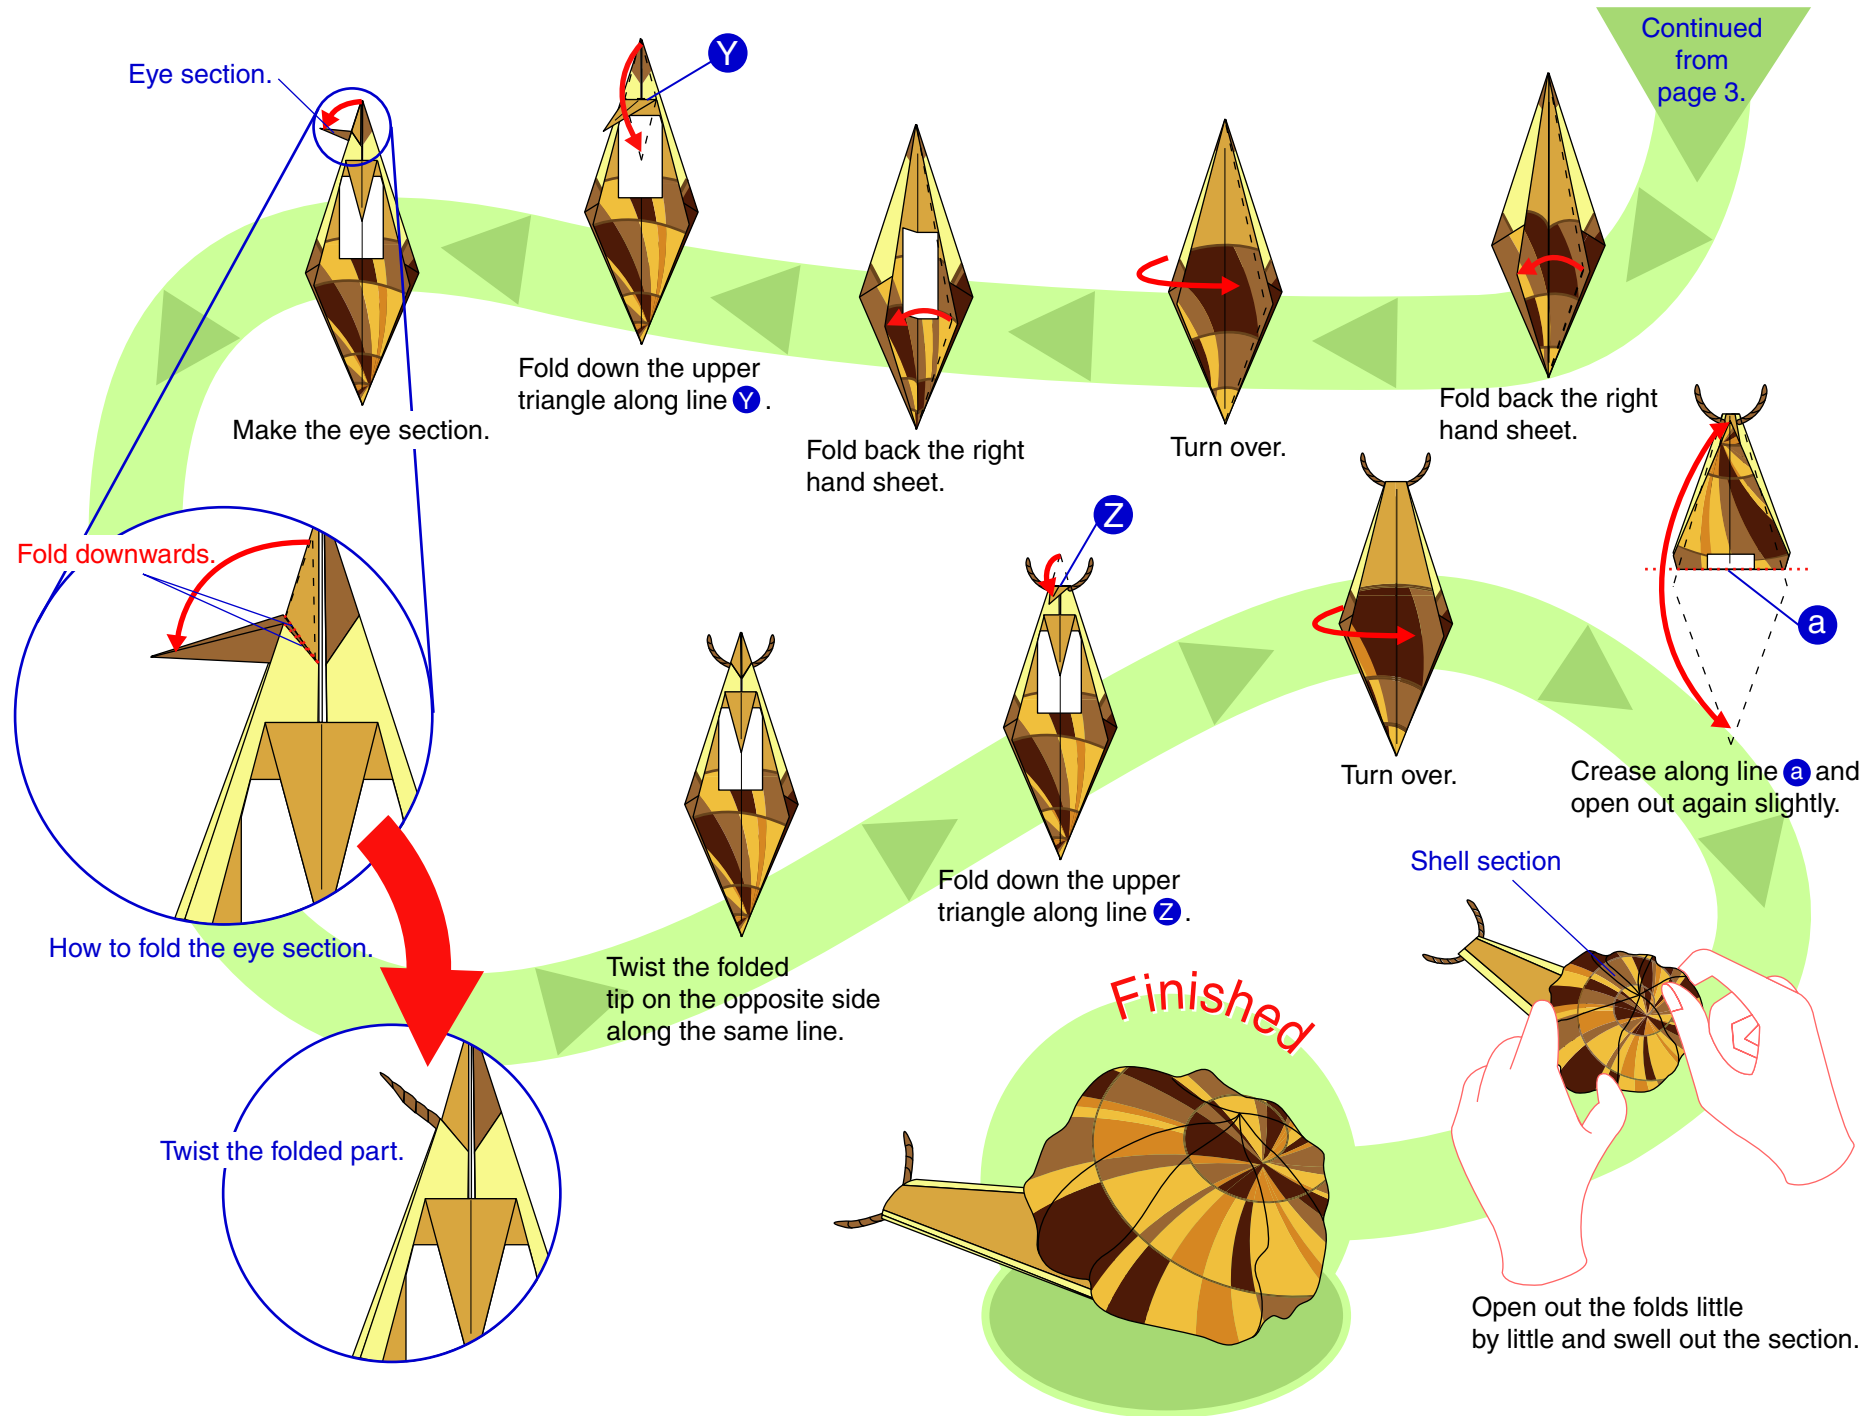

Fold down the upper
triangle along line Z.

Twist the folded
tip on the opposite side
along the same line.

Finished

Shell section

Open out the folds little
by little and swell out the section.

Practice sheet

- Cut line
- Mountain fold
- - - - - Valley fold
