Tecs Imports Pty Limited

Company Profile

Tecs Imports P/L commenced operations in August 1995 bringing with it a company base of 20 years experience in wholesaling electronic components.

In the last 7 years the company was gradually diversifying into the computer industry, which now makes up a major key component of our business profile. This diversification of our product range has not decreased our emphasis on our electronic components, which still generates a fair proportion of our revenue.

We supply full computer systems starting from entry level home multi-media computers, to high-end file servers to service corporate networks. We also supply a full array of peripheral devices including mass storage devices, computer memory, processors, motherboards, networking devices, and multimedia equipment just to name a few. As well as the computer equipment we also distribute an even larger range of electronic components and associated products for the enthusiast, hobbyist, product developers and manufactures.

We supply our computer systems and other peripherals to customers as diverse from Home Users, Small Business, Consultants, Large Corporations, Government Departments, Schools, Universities and Hospitals in the Melbourne area. We find that most of our client base is made up of repeat customers who keep on coming back to us for our superior service, top quality computer systems and peripherals. We don't build computers to a price, we tailor make a computer to suit the individual, and with the most reliable parts available.

Head office, located in Blackburn, has 5 experienced sales, and 4 qualified engineers who can solve virtually any computer related problem. We are easily accessible via our 4 retail outlets located in Melbourne's eastern and northern suburbs. Once again experienced sales staff as well as a technician in each shop to perform system upgrades and support.

We always carry all popular computer peripherals and components in stock and if it is not in stock we will source it and promptly order it for you. The stock that we constantly have on hand in Blackburn means that there is a short lead-time on computer systems, and a short time to get you up and computing.

TERMS AND CONDITIONS OF SALE

TECS IMPORTS PTY LTD

The following terms and conditions of sale apply to all contracts for the sale of all Products ("the Products") by TECS Imports Pty Ltd ACN 069 868 319 (hereinafter referred to as "TECS") and its customers. The terms and conditions contained in any form, order or their writing of the Customer, and which are at variance with or additional to these terms and conditions are not binding upon TECS unless specifically accepted by TECS in writing.

1. Quotation/Order

Any quotation made by TECS is not an offer to sell, and no order given in pursuance of any quotation shall bind the company unless accepted by it. Unless otherwise agreed in writing, all orders are subject to acceptance by TECS within fourteen (14) days of receipt by TECS of the customer's offer.

2. Delivery/Collection

The customer shall at its own expense, arrange collections of products from TECS at its premises. Alternatively, TECS in its sole and absolute discretion may arrange physical delivery of products to the customer at the customer's business address, such delivery being at the cost of the customer. The customer shall be deemed to assume and it shall be liable for loss or damage to products from the time they are placed on to the vehicle to transport them from TECS' premises.

3. Delivery Time

Any date quoted for delivery is an estimate only, and unless a guarantee shall have been given by TECS in writing providing for liquidated damages for failure to delivery by the quoted date, TECS shall not be liable to the customer for any loss or damage howsoever arising for failure to delivery on or before the quoted date. The customer shall accept and pay for products, notwithstanding any failure by TECS to delivery by the quoted date.

4. Payment

Unless otherwise agreed in writing, payment for products supplied shall be made in full by the customer to TECS without deduction or demand, within the approved term as advised by TECS, or in the absence of a term approved by TECS, within thirty (30) days from the statement date.

5. Default in Payment

If the customer defaults in payment to TECS, then:

- a) the customer shall pay to TECS on demand, interest on any overdue money during the period of default at the rate for the time being fixed under Section 2 of the Penalty Interest Rates Act 1983, and
- b) all moneys owing by the company to TECS shall become due and payable forthwith without demand, and
- c) TECS may at its sole and absolute discretion suspend the provision of credit to the customer until all amounts owing by the customer are paid in full.

6. Liability

a) TECS shall not be liable to the customer, or to any other person whomsoever, for any loss or damage whatsoever or howsoever caused arising directly or indirectly in connection with the products, other than expressly imposed by statute in terms of which it is not possible to limit or exclude liability.

b) TECS expressly excludes liability for consequential loss or damage including but not limited to loss of profit, business, revenue, and goodwill or anticipated savings.

7. Retention of Title

7.1 The title to the products will pass to the customer when payment in full for the products has been received by TECS. Until the customer has paid to TECS the full purchase price:

- a) the customer shall hold the products as bailee for TECS
- b) the products shall be stored at the customer's risk, and in such manner that they are readily distinguishable from other products owned by the customer or other persons
- c) the customer shall indemnify TECS against any claim, action, proceeding, damage, loss, costs, expense or liability whatsoever, arising out of the possession, use or disposal of the products by TECS, or repossession or attempted repossession by TECS
- d) any sale of the products shall be effected as bailee for TECS, and the proceeds of such sale shall be held on trust for TECS. The proceeds of such sales must be held in a separate account or otherwise clearly identified in the books and records of the customer.
- e) The customer shall permit TECS to inspect the products, and the records and books of the customer to the extent that they relate to the products.

7.2 In the event that:

- a) the products are not paid for in full in accordance with these terms and conditions of sale, or any other agreement between TECS and the customer, or
- b) the customer commits any breach of the terms and conditions of sale or any other agreement between TECS and the customers, or
- c) the customer received notice of or reasonably believes that a third person may attempt to levy execution against the products, or
- d) the customer makes or proposes to make an arrangement with its creditors or is placed under official management, or a petition is presented, or an application filed for the winding up of the customer, or the customer ceases to trade or the customer (being a natural person) commits an act of bankruptcy.

Then TECS may, at any time, without notice to the customer, and without prejudice to any other right which it may have against the customer, terminate the contract and the bailment referred to above, and enter upon any premises owned or occupied by the customer where TECS reasonably believes the products may be stored, and repossess the products without being liable for any damage caused, and subsequently dispose of the products at its discretion. In this event, the customer ceases to be liable to TECS for payment for the products.

8. Access to Customer accounts

The customer authorises TECS to make enquires at any time, and from time to time, to a credit report agency relating to the customer's individual account should it be required.

9. Provision of Credit

The provision of credit and/or the continued provision of credit by TECS to the customer from time to time, shall be in the absolute discretion of TECS.

- a) TECS may at its absolute discretion extend credit to the customer, or
- b) Extend and/or continue to extend credit to the customer subject to the provision of security in a form acceptable to TECS, or
- c) May at any time vary or cancel the credit facility available to the customer.

10. Differences and Complaints

Subject to the provisions of clause 7, TECS shall not be liable in respect of any difference or complaint arising out of the terms and conditions of sale unless the customer advises TECS in writing of the difference or complaints not later than fourteen (14) days after the date of the occurrence of the events or circumstances on which the difference or complaint is based.

11. Waiver

The failure or neglect by TECS to enforce or waive the provisions hereof, shall not be constituted nor shall be deemed to be a waiver of TECS' rights hereunder, nor in any way effect the validity of the whole or any part of the terms and conditions of sale, nor prejudice TECS' right to take subsequent action.

12. Severability

In the event that any part of these terms and conditions shall be deemed invalid, unlawful or unenforceable to any extent, such terms or conditions shall be severed from the remaining terms and conditions which shall continue to be valid and enforceable to the fullest extent of the law.

13. Governing law

TECS and the customer agree that the terms and conditions of sales shall be governed by the laws of the State of Victoria.

14. Pricelists

All prices quoted by TECS in pricelists are tax exempt, unless specified otherwise.
