1.1 Sam Webb's Submission

Sam Webb's Submission

This submission is an electronic magazine (e-mag) called Amithyst. It is shown in HTML format, and so can be viewed with any web browser, although it looks best in Voyager. The main themes of the mag are SF, horror, CGI, the Amiga, and the supernatural.

The mag should also be on the Internet at www.brunel.ac.uk/~em97jgh. Please let me know if this isn't the case.

I could really do with some help in terms of submissions for the mag. There are more details in the Submissions section, but it mainly involves reader reviewers, fiction, pictures and general articles.

You can contact me at sjwebb@mailexcite.com

This is the first ever issue, but it hopefully won't be the last.
