

Converting a FONT file by dragging and dropping a file icon

126476_PixelRule.tiff ↗

551325_12ptHevBlk.tiff ↗ Drop a FONT file icon anywhere over Convert FONT's Conversion Progress Window, and release it..

656759_paste.tiff ↗ Type in a name for the converted file that will be created. 766579_paste.tiff ↗ Wait for the conversion to finish.

775515_paste.tiff ↗

795731_PixelRule.tiff ↗

426536_CheckMark.tiff ↗ You can actually drag and drop any file you want into Convert FONT window. However, if it doesn't 'look' like a FONT to the converter, it will give you an error message and refuse to convert it.

46798_PixelRule.tiff ↗
