From  
GAMBLING TIMES INC.

Congratulations! You've "made" The GAMBLING CONNECTION, the official Internet Website of Gambling Times Inc., pioneering publishers of casino-gambling-related periodicals, books and computer software.

As a bonus for your WWW surfing acumen, you've been rewarded with the MASQUE SOFTWARE DEMO PACK, which includes BLACKJACK FOR WINDOWS, inspired by former IBM researcher and blackjack theorist Julian Braun, and VIDEO POKER FOR WINDOWS, featuring the strategies of Univ. of Nevada Las Vegas math professor Len Frome. As an added bonus we've thrown in CHESSNET 3, in honor of Boris Kasparov's recent victory over the Big Blue mainframe computer and finally SOLITAIRE ANTICS, plain fun to waste valuable time by. Enjoy.

Now, once you've demo-ed these expert casino simulations, you'll probably be wanting to order the full-blown, full-featured versions of the software. Be sure to check The GAMBLING CONNECTION's online Software Shop for special discount prices on all MASQUE casino software.

In fact, do yourself a favor and "bookmark" our URL right now....
