The Digital Tool Works Software License Agreement states the terms and conditions under which this manual and the accompanying software are provided to the purchaser. The License Agreement is set out, in full, in Appendix F of this manual. In essence, this manual is is supplied without warranty of any kind. Please understand that we at Digital Tool Works (ªDTWº) have tried to make the information contained in this manual as accurate and reliable as possible. Nevertheless, DTW disclaims any warranty of any kind, whether express or implied, as to any matter whatsoever relating to this manual, including without limitation this manual's merchantability or fitness for any particular purpose. DTW will from time to time revise the software described in this manual and reserves the right to make such changes without obligation to notify the purchaser. In no event shall DTW be liable for any indirect, special, incidental, or consequential damages arising out of purchase or use of this manual.

EquationBuilder™ and the EquationBuilder User's Manual were written by Ray Ghanbari and Terrence Talbot.

Much thanks to Donald, Josh, and Richard for work done before; Paul, Ken, Kevin, and Steve for getting us started; Dave, Charles, Shawn, and Mark for getting us through; and David for the finish.

Hats off to our many testers who kept us honest.

Thanks to Julie, Pishi, and all the P's for support above and beyond, as always.

And special thanks to Joe for being there when he was needed most.
