Getting values attribute

initWithAttribute:ordering:

ordering

initWithAttribute:ordering:

Initializes a newly allocated EOAttributeOrdering with anAttribute and anOrdering. anOrdering may be EOAttributeOrdering (lowest-valued attribute first), EOAscendingOrder (lowest-valued attribute first), or EODescendingOrder (highest-valued attribute first). EOAttributeOrdering is the designated initializer for the EOAttributeOrdering class. Returns self.

(EOOrdering)ordering

Returns the ordering defined for the attribute.
