Hi All,

Here are some Kanji tiffs that "spell out" Aikido.
I havn't alpha'd them because I don't have any software to do that with I don't think. If
someone could alpha them it would be great or tell me what software I could use that is
free to alpha them with.

I hope you like them.

Speaking of Kanji icons, here are some I cobbled up for a request for a TIFF of the word kanji:

A couple of spins on the Aikido images:
