Subject: [R] What Software Do You Need ?

As we had e-mail problems in Moscow, here it comes : The Re-Send

If there is a program which doesn't exist on the NeXT yet, if you have a great idea, a secret hope, we might have a solution, so drop us a line.

You can't always get what you want but if you try,

sometime, you just might find that you get what you need.
