Given the flood vanes have opened, here goes some more. Caveat: 1) Most of these icons are not original work, but extracted from other images, and mostly useful as tools to generate more specific icons 2) There's a lot of monochrome, indication of the fact that the last time I had any time was when my machine was monochrome, a couple of years ago.

Well, I was the one who posted those original smilies, so it seemed only appropriate that I make the small modification necessary to get a winking smiley. Here it is!

<nearly all the smiley faces + FaceWinking.tiff>

Enjoy! And SMILE!!!
