I don't remember where this icon originated but it's a really nice frog. Maybe the author will step forward and take credit for this really nice icon.

I've felt sorry for only getting your funny icons. Now, I'm glad to be able to send my icons even if they are not so funny.

By the way, in retribution for Alex posting the above, unauthorized, image of me, here's one of him taken later that evening:

(Actually, it's just my mail tiff :-)

Cheers, and happy thumbnailing!
