Subject: Itchy and Scratchy

This is not the explanation of the new features of the next-icon@gun.com list cause even at this late hour I'm still on the clock. This is, however, a posting of some pictures of Itchy and Scratchy from the popular US TV show "The Simpsons."

Scanned from a Simpsons bookmark (yes, I now maintain a folder full of icon source images. Somebody please stop me before I scan again!!) and alpha'ed with TIFFany I.

Tim
