I couldn't quite get it to 48. It doesn't look too bad when NS sizes it down. And it obviously looks better with a colored background instead of white.

I grabbed and modified this image from http://www.dtic.dla.mil/airforcelink/photos/p0495_tbirds.html

Other Air Force photos can be found at <http://www.dtic.dla.mil:80/airforcelink/photos/>

Enjoy,
