Hello Tim,

Here is a quickie I fiddled with for an icon to illustrate my local ad ag. correspondence folder. The original image is from the USPostal service stamp for the two-day priority mail.

The stamp is much more beautiful than my icon portrays. You can

barely see the US in the left-hand lower corner, so I'm working on that.

The US Postal Services Bald Eagle.

I don't remember where I found this, but I have the original, larger image, if any one is interested
