I have a plane to catch in less than 4 hours, and rather than pack, I'm posting pictures of pool balls to the icon list. What a dope.

Taken from an ad for DeKuyper Buttershots Butterscotch Schnapps without permission. Their ads (in the U.S. at least) feature a set of generation-x type stuff like pool balls and electric guitars. Butterscotch schnapps sounds kind of gross, however the ads look ok, probably worth picking up a bottle or two just to show support for the nice icon fodder.

PowerScan 2 -> TIFFany 1 -> your mailbox. No time to alpha out

the backgrounds.

Hi,  
First, here's a fixed version of one of the billiard ball icons I posted recently. The fix is that this version has a transparent background. From Aki Ohno <aohno@bmt.gun.com>.

... so how do you order pizza???

And a complete set of billiard balls at icon size so this post isn't completely pointless:
