Subject: More figures from history

Two of our machines are named for figures in history.
I've scanned in the faces of
Fermi.dir.tiff Fermi.opendir.tiff

```
#====#====#====#====#====#====#====#====#====#====#====#====#
#  Steven M. Boker           #      "Two's bifurcation           #
#  boker@virginia.edu        #      but three's chaotic"        #
#====#====#====#====#====#====#====#====#====#====#====#====#
```
