

## **Emory University Libraries Online Public Access Catalog**

### **Address:**

Selden S. Deemer  
University Libraries  
G21 Woodruff Library  
Emory University  
Atlanta, GA 30322

### **E-mail:**

libssd@emuvml.bitnet

### **Phone:**

(404) 727-0271

### **Description**

The online catalog system is based on IBM DOBIS/Leuven software. The catalog contains the union catalog for 5 library units: General Libraries (Woodruff, Candler, and Chemistry Libraries), Health Sciences Center Library, Law Library, Oxford College Library, and Theology Library.

The online catalog database currently contains more than 500,000 bibliographic records, representing approximately 40% of the total holdings. A retrospective conversion project has been started.

It is located on host emuvml.cc.emory.edu (128.140.1.4).

### **Network access**

Use tn3270 or other telnet supporting 3270 protocols to connect to emuvml.cc.emory.edu (128.140.1.4). After the VM screen is displayed, press ENTER (normally the RETURN key) to get a CP READ. Type DIAL VTAM and press ENTER. At the VTAM screen, type LIB and press ENTER. When the CICS screen appears, press the PF1 key. The next screen will be the initial library system screen. All references to pressing RETURN on the library screens mean to press the key which sends ENTER (normally the RETURN key). To exit, terminate the telnet connection.

Context-sensitive help is available throughout the Online Public Access Catalog with the PF2 key.

No account or password is required.

Scheduled availability: Monday - Saturday 0800 - 0200; Sunday Noon - 0200

### **Who Can Use the Catalog**

The Emory Online Public Access Catalog is available to all members of the internet community.
