Users registering with Decision Graphics will receive their choice of Level 1 - Figures 369 (for ImIsion 369) or Level 1 - Figures 449 (for ImIsion 449). If a registered user so desires, the ordered files will be sent via e-mail. Other files may be purchased at any time however, THE REGISTRATION FEE ONLY HAS TO BE PAID ONCE. In addition, if e-mail is an inconvenient option, users may have the files shipped via the postal service.

A registered user may also receive specialized versions of the ImIsion series by ordering in the lower half of the order form under the Edit menu of the ImIsion software. All specialized versions contain green marble textured puzzle pieces similar to the puzzle pieces displayed in the on-line help file page 4 - The Shapes. There is also an option for a Power Macintosh native version of ImIsion. The specialized versions are about 500K larger than the regular versions.

There is a printable order form within the software. To access it choose Print Order Form from the File menu. To register, fill out the form, include a check for the correct amount, and send the form and check to the address at the top of the form. Files may be sent to you via email though the files sent to you range in size from 212K to 275K so consider the speed of your modem and the time it may take to download.
