

Bibliography of recommended URL's from this text

At the time of writing this text these were the site that were used for research for the first 6 chapters of this text. They also represent several of the sites that granted permission for screen captures. Therefore do not be concerned if several of the links are do not link. If you will recall we noted that the internet is very organic and is always changing, the purpose of listing these sites was to properly cite any URL that pertains to the content of a given chapter.
