

Icon Extractor for Windows v1.3

Copyright (c) 1995-1996 by Gregory Braun. All rights reserved.

This software is free. You may copy and distribute this program as long as all copyright notices remain intact and the application files are not modified in any way.

Icon Extractor loads and displays the ICON resources found in a file and allows you to select icons to be saved as individual ICO files. You can also copy the currently selected icon to the Windows Clipboard.

Icon Extractor reads DLL, EXE, ICO, ICL, IL and NIL icon file formats.

If you have comments, questions or find any bugs in Icon Extractor feel free to contact me on CompuServe or America On-line.

If you would like to be notified when this application is upgraded send me an e-mail message with your on-line address. I'll send you a message when a new version of Icon Extractor is uploaded to CompuServe and AOL.

While Icon Extractor is offered as FreeWare, if you feel that you want to pay something for it you are welcome to send any amount you wish.
