*This document was created using Microsoft Word for the Macintosh.*

## Introduction

The GC0804 disk included with this Application Note contains a WordPerfect 2.0 for the Macintosh converter for use with versions 5.0 and 5.1 of Microsoft Word for the Macintosh. This converter can be used to both read from and write to WordPerfect 2.0 for the Macintosh format.

If this shipment has arrived in unsatisfactory condition or you have questions about installing or using the WordPerfect 2.0 for the Macintosh converter, please call Microsoft Product Support Services (PSS). In the United States, call (206) 462-WORD (9673) between 6:00 A.M. and 6:00 P.M. Pacific time. Outside the United States, contact the Microsoft subsidiary for your area. To locate your subsidiary, call Microsoft International Customer Service at (206) 936-8661.

**Note:** *To use the WordPerfect 2.0 for the Macintosh converter, you must be running Microsoft Word version 5.0 or 5.1 for the Macintosh.*

## To install the WordPerfect 2.0 for the Macintosh converter

1. If you are working in Word, save your documents, and then quit Word.
2. Copy the new WordPerfect 2.0 for the Macintosh converter file from the enclosed GC0804 disk to the Word Commands folder on your hard disk. The Word Commands folder is usually stored in the same folder as Word.
3. If you are prompted to replace an existing file, choose OK.
4. Restart Word.

## Notes

- To view version 2.1 WordPerfect for the Macintosh document names in Word, you must select All Files in the List Files Of Type box in the File Open dialog box.
- Conversion of graphic images within documents is not supported.
