

## Programming

FutureBasic, Think C 6 and Symantec C++ are the Mac programming standards. Hypercard struggles on, but the release of a royalty free relational database and the cute Double XX are the only new products for Hypercard programmers.

## Basic

FutureBasic is a great Basic compiler ofr the Mac.

Future Basic.....	\$315
MS QuickBASIC.....	\$148
True Basic & Runtime.....	\$114
3D Graphics Toolkit.....	\$87
Advanced String Toolkit.....	\$87
Business Graphics Toolkit.....	\$87
Communications Support Library.....	\$87
Developers Toolkit.....	\$87
Mathematician's Toolkit.....	\$87
Scientific Graphics Toolkit.....	\$87
Sort & Search Toolkit.....	\$87
Statistics Graphics Toolkit.....	\$87

## C

Think C 6.0.....	\$425
------------------	-------

## C++

Symantec C++ 6.0.....	\$674
-----------------------	-------

## Cobol

Acucobol 85.....	\$Call
------------------	--------

## Fortran

Language Systems Fortran 3.0.....	\$572
Language Systems Fortran & MPW.....	\$639

## Hypercard

Aldus SuperCard 1.6.....	\$406
HyperCard Developers Kit 2.1.....	\$213
Hypercard Development Kit License.....	\$436
HyperStudio.....	\$265

## Hypercard Tools

ADDmotion II.....	\$228
-------------------	-------

AudioStack:..Audio CD Toolkit.....	\$262
CompileIt! 2.5.....	\$242
ConvertIt! 1.5.....	\$385
Double XX.....	\$300
Hypercard Projects For Kids.....	\$42
Hypercard Projects For Teachers.....	\$42
HyperEssentials Pro.....	\$157
HyperGraph.....	\$157
HyperHit Deluxe Single - Free Runtime.....	\$644
HyperHit Deluxe Multiuser - Free Runtime.....	\$1,285
HyperTMon.....	\$194
MasterScript.....	\$239
Reports 2.5.....	\$231
VideoStack: Video Disc Toolkit.....	\$148
WindowScript.....	\$279

## Logo

Object Logo.....	\$300
Object Logo & Pearl Controller.....	\$689

## Modula

Metroworks Modula-2 MPW.....	\$86
Metroworks Modula-2 PSE.....	\$86

## Pascal

Just Enough Pascal.....	\$91
Macintosh Pascal.....	\$156
Metrowerks Pascal.....	\$86
Think Pascal 4.0.....	\$319

## Prolog

MacProlog.....	\$1,200
----------------	---------

## Smalltalk

Smalltalk V/Mac.....	\$235
----------------------	-------

## Application Generators

Prograph.....	\$639
Prograph C Interface.....	\$220
Prograph Comm Toolbox.....	\$220
Prograph Goodies.....	\$220
Prograph Oracle Call Interface.....	\$275
Prograph Pascal Interface.....	\$220
Prograph SQL/DAL API.....	\$275

Prograph Visual Effects.....	\$125
Serius Programmer.....	\$531
Serius Developer.....	\$788
Serius InterApp Module.....	\$138
Serius Multimedia Module.....	\$263
Serius Communication Module.....	\$200
Serius XCMD Module.....	\$138

## Application Shell Generators

Marksman is the best application shell generator for the Mac.

AppMaker - Think C/Pascal.....	\$359
AppMaker Fortran Tools.....	\$210
Marksman - Think C/Pascal.....	\$275
PG:Pro - FutureBasic.....	\$330

## Utilities

CMaster.....	\$248
Object Master.....	\$784
QUED/M.....	\$175
SoftPolish.....	\$385
Think Reference 2.0.....	\$156
