

The fastest backup program available. Backup to diskettes, direct access tapes, streaming tape drives, Bernoulli cartridges, SyQuest drives, optical drives and any other HFS device. Data compression halves your backup time and number of backup disks required. Simple pull-down menus offer quick access to a range of sophisticated backup options. The new Express menu allows a complete backup with just two clicks of the mouse. Advanced Error Correction recovers data even from a damaged backup. A Snapshot feature enables you to restore disks exactly as you wish. FastBack Plus will load automatically and back up your data while you catch up on other work.

FastBack Plus Pricing;

1 copy; £89.00. 10 copies; £699.00. 25 copies; £1599.00.
