The easiest backup software you will ever use. Backup to floppy disks or any SCSI device, all using one simple screen. A safe, reliable way to backup your data - and restore it, quickly, should anything happen to destroy the original. Back up an entire hard disk or selected files - or just those that have changed since your last complete backup. Uses the same Compression technology - to save disk space and time - as FastBack Plus; as well as Advanced Error Correction, to restore 100% of your data even if your backup disk data gets damaged. For Macintosh Plus.

FastBack Express Pricing;
1 copy; £55.00. 10 copies; £425.00. 25 copies; £995.00.
