

**The best way to check if a virus is detected by this version of Vet**

For Vet95 or VetNT users select Index (above), Find, Next>, Finish and enter the name of the virus.

For Vet for Windows 3.1x users select Search (above), Find, Next>, Finish and enter the name of the virus.

Please select from the list below for a complete list of each type of virus;

- Macro viruses detected by this version or Vet, [Click Here](#) to view the list.
- Boot sector viruses detected by this version of Vet, [Click Here](#) to view the list.
- File viruses detected by this version or Vet, [Click Here](#) to view the list.
- Viruses detected by polysearch for this version of Vet, [Click Here](#) to view the list.

## Macro viruses detected by this version of Vet.

## **Why Should You Become a Registered Vet User.**

This copy of Vet provides protection against all viruses that are known to be in the wild at the time of production. Unfortunately new viruses and new varieties of existing viruses appear on an almost weekly basis. Registered Vet Customers get a comprehensive solution for protection against viruses.

The services and benefits of becoming a registered Vet customer depend on the country where Vet was purchased. Services that are commonly offered are listed below.

- 1) Vet upgrades mailed to you every quarter or accessible from the web site to protect against new viruses
- 2) A full set of user manuals - comprehensive installation and usage details
- 3) Additional installation options for networks and systems administrators
- 4) Access to the Vet internet web site and Bulletin board service - used to provide updates and general virus information
- 5) Free unlimited Email and phone support (See the [Contact](#) page for the support hours)
- 6) 48 Hour fixes - If you discover a new virus that Vet does not clean we will provide a solution within 48 hours of receiving a copy of the virus
- 7) Employee Protection - Any company holding a Vet site licence, that is a licence to install Vet on every PC in the work place, may allow all employees to install Vet on their home-use computers, free of charge.
- 8) On Site Support - Charges normally apply, but we are committed to supporting our registered Vet users

So, please return the registration card with the appropriate fee or talk to your [local Vet sales team](#).
