

Learning to talk, read, write and how to spell is lots of fun with this interactive talking program. Talking Teacher will teach young children how to say early words (hi, mama, dada, I love you, drink, please, thank you, up, bye, ect.) and how to interact with a computer. Talking Teacher will teach PRESCHOOLERS the ABC song, how to say and understand the alphabet, how to find letters on the keyboard and how to recognize the letters in words. Talking Teacher will teach and test GRADES 1-12 on their weekly spelling words. You can change the spelling words to match your child's weekly words. Easy Draw teaches the child how to use and mouse and be creativity. This program has positive reinforcement, when a question is answered correctly Talking Teacher will say - way to go, super duper, excellent, etc. The hi-resolution graphics are designed to bring out the child's creativity by using kaleidoscopes and collages (your child will recognize various objects, letters and words hidden in the graphics). Talking Teacher is the first educational package that allows parents and teachers to record their own voice and use it in this package to teach their children and students. This is a breakthrough in educational software. Lead your child into the next century with this package.
