

# Registering Your Business Logic Software

Welcome to Business Logic Corporation's Software Registration Help.

## Pricing

PRODUCT	PRICE
Simply Interest	US\$14.95
FundMaster	US\$14.95
CommonLaw	US\$14.95
Cricket! (Adding Machine)	US\$ 5.95

Get FREE Software by ordering any of the following combinations:

- 1 Simply Interest and FundMaster
- 2 Simply Interest and CommonLaw
- 3 FundMaster and CommonLaw

When you order any one of the three combinations listed above, you will receive Cricket! and the Remaining package for FREE! That's a savings of US\$20.90. Just select any two packages or all packages on the Registration Form Screen and you will automatically only be charged for two packages but you will receive an Order Code that will activate all of the packages.

## Using The Registration Form

The Registration Form Window makes it easy to order. Just fill in the information that is required, Print a Mail Order Letter or Print a FAX Order Page or Save The Form as a text file that you can E-Mail to us. The choice is yours. Just remember that you must include your VISA or Master Card Number and Expiry Date to either FAX or E-Mail us your order.

## Paying for Your Order

There are a number of ways to pay for your order. Whatever method you choose, your order must include your E-Mail Address and the Order Code Number listed in the Registration Form. When we receive your payment, we will E-Mail you a Registration Number that will Register your copy of the software.

### **Credit Card**

Please note that if you purchase by credit card, the price you are actually charged may vary from that listed above by a few cents. We process all credit card charges at the current exchange rate, but due to fluctuations in the value of the dollar we cannot guarantee that this exchange rate will be exactly the same when the transaction is processed by your bank.

We accept VISA and MasterCard. You can FAX, E-Mail or Mail the information. It is not advisable to send your credit card number over the Internet as we currently do not support secure data exchange. If you do E-Mail your credit card number to us, we will not be held responsible for the consequences. Having said that, we receive the majority of our orders via unencrypted e-mail, and have not heard of any problems so far.

If you are using e-mail or a fax modem, a signature is not required on the Order Form (although we

do recommend a PGP signature on e-mail).

We are setting up a Commerce Server to accept secure credit card transactions on the Internet. Please check our web site to see if this service is available.

### ***Cheque***

You may Mail us a cheque drawn on any bank in the world, in that country's currency. The amount should be equivalent to the price in US\$. The cheque should be made payable to Business Logic Corporation.

### ***International Money Order or Bank Draft***

These are usually available from Banks or Post Offices. Make the Money Order or Bank Draft payable to Business Logic Corporation. The currency of the draft should be in U.S. Dollars.

### ***Cash***

If you send cash, we will accept it in U.S. Dollars only. However, it is not in your best interest to send cash via the mail system. We will assume no responsibility for the cash while it is in transit. For your own protection if you want to pay in cash, we strongly recommend sending it to us by registered mail.

### ***Purchase Orders***

Please note that we do not accept purchase orders of any kind.
