

How to Play 2AM Dealer's Choice Poker

Dealing

When it is your turn to deal, the pack of cards will be next to your table place. Choose between:

Select a Game: from a list of pre-prepared well-known games.

Create a Game: using the Game Builder, you can create your own game by stringing together various actions in the order that you want.

When the deal is selected the game begins.

Playing

Watch the table to see the state of play. When the token moves to your table place it is your turn to act. You can:

Bet

Look at the betting area on the right hand side.

Choose Fold if you want to leave the game. Choose Check or Call if you want to stay in by matching the pot. Choose Bet or Raise if you want to make the pot bigger. When you choose Bet or Raise select the amount of the bet/raise by clicking on chips on the right. When you are done, click OK.

Draw

When it is your turn to draw select the cards you wish to discard by clicking in the small red box on the card. The card moves up. When you are done click OK.

Winning

This is done automatically. The hands are revealed and the winner takes the pot.
