

Playing Animated Chess

2AM's Animated Chess is a two-player chess game. You cannot play this game by yourself.

Once two people are in the game, the game starts. White commences play.

To move a piece, click on it and, holding down the mouse button, move it to the target square. Release the mouse button.

All standard chess rules are in force. You may not undo a move once it is done. However you may ask your opponent to undo your previous move.

To undo your opponent's previous move, select the Actions menu from the Menu bar, and select "Undo opponent move".
