Contents

Chapter 1 Introduction and Installation 1-1

Installing the Software....1-2

Documentation Overview....1-2

Chapter 2 Using the Installable Compression Manager 2-1

Video Compression and Decompression Header Files....2-1

ICM Architecture....2-1

Using ICM Services....2-2

- Error Returned from the ICM Functions....2-2
- Locating and Opening Compressors and Decompressors....2-2
- Installing and Removing Compressors and Decompressors....2-5
- Configuring Compressors and Decompressors....2-7
- Getting Information about Compressors and Decompressors....2-8
- Compressing Image Data....2-11
  - Specifying the Input Format and Determining the Compression Format....2-11
  - Initialization for the Compression Sequence....2-13
  - Compressing the Video....2-13
- Decompressing Image Data....2-15
  - Specifying the Input Format and Determining the Decompression Format....2-16
  - Initialization for the Decompression Sequence....2-17
  - Decompressing the Video....2-18
- Using Hardware Drawing Capabilities....2-19
  - Specifying the Input Format....2-20
  - Preparing to Decompress Video....2-20
  - Decompressing the Video....2-21
  - Controlling Drawing Parameters....2-23

Video Compression and Decompression Function Reference....2-23

- Video Compression and Decompression Functions....2-26

Video Compressor and Decompressor Data Structure Reference....2-45

Chapter 3 Using the DrawDib Functions 3-1

Drawing With the DrawDib Functions....3-1

- Supporting Palettes for the DrawDib Functions....3-3
- Manipulating Palettes....3-3

Optimizing DrawDibDraw....3-4

Profiling the Display Characteristics....3-5

DrawDib Application Reference....3-5

- DrawDib Function Reference....3-5

Chapter 4 AVI Files 4-1

AVI RIFF Form....4-1

- Data Structures for AVI Files....4-3
- The Main AVI Header LIST....4-3
- The Stream Header (“strl”) Chunks....4-5
- The LIST “movi” Chunk....4-7
- The “idx1” Chunk....4-8
- Other Data Chunks....4-9
- Special Information for Interleaved Files....4-9

Using VidEdit With AVI Files....4-10

Example Code for Writing AVI Files....4-10

An Outline for Writing AVI Files....4-10
Creating the File and "AVI " Chunk....4-11
Creating the LIST "hdrl " and "avih" Chunks....4-11
Creating the "strl", "strh", "strf", and "strd" Chunks....4-12
Creating the LIST "movi" and "rec " Chunks....4-12
Creating the "idx1" Chunk and Ascending From the "AVI " Chunk....4-13
AVI RIFF File Reference....4-14

Chapter 5 DIB Format Extensions for Microsoft Windows 5-1
Windows Compression Formats....5-1
Existing Formats....5-2
Extensions to the BI_RGB Format....5-2
Formats Using BI_BITFIELDS and Color Masks....5-3
Custom Formats....5-4
Determining Display Driver Capabilities....5-5
Inverted DIBs....5-6
Definition of the Flags and Escape....5-6

Chapter 6 Playing AVI Files With MCI 6-1
MCI Overview....6-1
Using the MCI Command Interface....6-2
Using the MCI String Interface....6-3
Choosing the mciSendCommand or mciSendString Interface....6-5
Handling MCI Notification....6-6
Playing AVI files with MCI....6-7
Opening an AVI File....6-7
Setting up the Playback Window....6-8
Playing the AVI Sequence....6-10
Changing the Playback State....6-10
Obtaining Playback Information....6-12
Closing the AVI File....6-12

Chapter 7 MCI Command Strings for MCIAVI 7-1
About the MCIAVI.DRV Driver....7-1
Custom Commands and Flags for MCIAVI.DRV....7-1
MCI Command Strings....7-2

Chapter 8 MCI Command Messages for MCIAVI 8-1
MCI Command Messages....8-1

Chapter 9 Video Capture Application Reference 9-1
Video Capture Function Reference....9-1
Video Capture Function Summary....9-1
Video Capture Function Alphabetic Reference....9-3
Video Capture Data Structure Reference....9-16
Video Capture Data Structure Alphabetic Reference....9-16

Chapter 10 Video Compression and Decompression Drivers 10-1
Architecture of a Video Compression and Decompression Driver....10-1
The ICSAMPLE Example Driver....10-3
The Structure of a Video Compression and Decompression Driver....10-3
Video Compression and Decompression Header Files....10-3

Naming Video Compression and Decompression Drivers....10-3
SYSTEM.INI Entries for Video Compression and Decompression Drivers....10-4
The Module-Definition File....10-5
The Module Name Line....10-5
The Installable Driver Interface....10-6
An Example DriverProc Entry-Point Function....10-6
Handling the DRV_OPEN and DRV_CLOSE Messages....10-8
Compressor Configuration....10-9
Configuration Messages Sent by the System....10-9
Messages for Configuring the Driver State....10-10
Messages Used to Interrogate the Driver....10-11
Configuration Messages for Compression Quality....10-12
Configuration Messages for Key Frame Rate and Buffer Queue....10-13

Video Compression and Decompression Messages....10-14
About the AVI File Format....10-14
Identifying Compression Formats....10-16
Decompressing Video Data....10-17
Setting the Driver State....10-18
Specifying the Input Format and Determining the Decompression Format....10-18
Preparing to Decompress Video....10-19
Decompressing the Video....10-19
Ending Decompression....10-20
Other Messages Received During Decompression....10-20
Compressing Video Data....10-20
Obtaining the Driver State....10-21
Specifying the Input Format and Determining the Compression Format....10-21
Initialization for the Compression Sequence....10-23
Compressing the Video....10-23
Ending Compression....10-24
Decompressing Directly to Video Hardware....10-25
Setting the Driver State....10-25
Specifying the Input Format....10-25
Preparing to Decompress Video....10-26
Decompressing the Video....10-27
Ending Decompression....10-28
Rendering the Data....10-28
Using Installable Compressors for Non-video Data....10-29
Testing Video Compression and Decompression Drivers....10-30
Video Compression and Decompression Driver Reference....10-30
Video Compression and Decompression Driver Message Reference....10-30
Video Compression and Decompression Driver Messages....10-33

Chapter 11 Video Capture Device Drivers 11-1
Architecture of a Video Capture Driver....11-1
Video Capture Device Driver Channels....11-2
The Video Capture Application....11-3
Sample Device Drivers....11-3
The Structure of a Video Capture Device Driver....11-3
Combining Video Capture and Video Compression/Decompression Drivers....11-4
Video Capture Header Files....11-4
Naming Video Capture Device Drivers....11-4
SYSTEM.INI Entries for Video Capture Device Drivers....11-4

The Module-Definition File....11-6
The Module Name Line....11-6
The Module Description Line....11-6
Considerations for Interrupt-Driven Drivers....11-7
Fixing Code and Data Segments....11-7
Allocating and Using Memory....11-7
Calling Windows Functions at Interrupt Time....11-8
The Installable Driver Interface....11-8
An Example DriverProc Entry-Point Function....11-8
Handling the DRV_OPEN and DRV_CLOSE Messages....11-10
Handling the DRV_ENABLE and DRV_DISABLE Messages....11-14
Driver Configuration....11-15
Video Capture Driver Messages....11-15
Configuring the Channels of a Video Capture Driver....11-15
Setting and Obtaining Video Capture Format....11-17
Setting and Obtaining the Video Source and Destination Rectangles....11-19
Determining Channel Capabilities....11-21
Setting and Obtaining a Video Capture Palette....11-22
Obtaining the Device Driver Version....11-25
Transferring Data From the Frame Buffer....11-25
Streaming Video Capture....11-26
The Data Transfer Model For Streaming Video Input....11-26
Initializing the Data Stream....11-28
Preparing Data Buffers....11-28
Starting and Stopping Streaming....11-29
Ending Capture....11-29
Additional Stream Messages....11-30
Video Capture Device Driver Reference....11-31
Video Capture Device Driver Message Reference....11-31
Message Summary....11-32
Video Capture Device Driver Messages....11-33
Video Capture Device Driver Data Structure Reference....11-47
