

Crystal Reports Technical Document

Subject: Compiled Reports
Date: August 27, 1993
Versions: 2.0, 2.0(Pro)

Situation:

Runtime requirements for compiled reports

Solution:

The following is a precise description of the files and modifications need to run a compiled report.

The following 3 files must be provided for each compiled report regardless of the database type used and MUST all be in the same directory.

XXXXXX.RPT (Where XXXXXX is the name of your report)
XXXXXX.EXE
XXXXXX.MKX

The following files will only be required once per station.

CRRUN.EXE
CRPE.DLL
BWCC.DLL
COMMDLG.DLL (Only needed if running under MS-Windows 3.0)
CRXLATE.DLL (Only needed if using the ToWords function)
P3DIB.DLL (Only need if using graphics)
P3FILE.DLL (Only need if using graphics)
P3INFO.DLL (Only need if using graphics)
P3CONV.DLL (Only need if using graphics)

The following files will be required once per station depending upon which database file type used.

SQL Requirements for compiled reports

Q+E Netware SQL

pdsnetw.dll
qelib.dll
qeutil.dll
qlxql.dll
wxqlcall.dll

{file name}

ODBC

odbc.ini
odbcinst.ini
odbc.dll
odbcinst.dll
pdsodbc.dll
SQL Server
ODBC driver for SQL Server (e.g. sqlsrvr.dll)
dbnmp3.dll, w3dblib.dll (only required for Q+E drivers, not for sqlsrvr)

Oracle

ODBC driver for Oracle (e.g. sqora.dll, orasetup.dll)
ora6win.dll, ora7win.dll (if Oracle 7)
sql*net.dll (e.g. sqltcp.dll for TCP/IP, sqlspx.dll for Netware)
if still doesn't work, take a look at oracle.txt, or call
Oracle.

Q+E SQL Server / Sybase

pdssybas.dll
qelib.dll
qeutil.dll
qlss.dll
dbnmp3.dll
w3dblib.dll

Q+E Oracle

pdsoracl.dll
qelib.dll
qeutil.dll
qlora.dll
ora6win.dll, ora7win.dll (Oracle 7)
sql*net.dll (sqltcp.dll for TCP/IP, sqlspx.dll for Netware)

Q+E Gupta SQLBase

pds Gupta
pdsgupta.dll
qelib.dll
qeutil.dll
qlgup.dll
Gupta must be setup and on the path for each station.

{file name}
