License Agreement

- This software is shareware and fully functional.   Permission to use or evaluate this software is hereby granted for 50 days starting the first day of use. You may freely and legally use or evaluate this software for 50 days without any obligation.
- Using this software beyond the above granted period requires purchasing a license.
- This software is distributed AS IS and without any expressed or implied warranties.
- *Softgauge.com*, the author(s), the distributor(s), and the e-commerce partner(s) are not responsible for any damages whatsoever incurred before, during, or after the use of this software.
- This software or licenses cannot be resold for profit without expressed written permission from *Softgauge.com*.

Privacy Statement

Softgauge.com respects our users' privacy. Here is our privacy statement:

- XmlShell does **NOT** gather any personal information or web activities.
- We (*Softgauge.com*) have **NO** interests in any sort of personal information or data at all.
- Certain features in XmlShell, however, do require the access to the Internet because of the nature of such functionality. Examples are:
  - External user DTDs located over the Internet.
  - When users click on the user links specified in their XML document to link to external web pages or resources.
  - When users click on certain Help contents that are located on *Softgauge.com*'s web site.
- In the cases that XmlShell needs to access the Internet, the data needed to complete the task will be transmitted over the Internet to the server specified by the task. No other data will be transmitted, and no other servers will be connected.

By installing or using this software, the user acknowledges and agrees such necessary Internet activities.
