

Double clicking on the above button will install CreateHelp! v2

**NOTE:** This must be done before CreateHelp! can run properly

The install process will do the following:

1. Ask the location of the CreateHelp! files (if required)
2. Copy C\_HELP!.DOT to the WinWord templates directory
3. Copy C\_HELP!.HLP to the Windows directory
4. Copy C\_HELP!.INI to the Windows directory
5. Run the CreateHelp! setup to set default directories etc.
6. Offer the option to start a new project or open an existing one.

CreateHelp! is shareware. If you continue to use this product after a 30 day evaluation period you MUST register. Registration details are available by selecting 'Print Form' from any of the nag dialog boxes or by selecting Registration Details from the help file.

Thank you for supporting the shareware concept.
